

Managed Services

Optimise your performance and maximise ROI.

We provide a proactive approach to the maintenance and optimisation of your IT products.

Cost-Effective:

Lower costs through deals and cheaper than hiring full-time staff.

Skilled Expertise:

Access to a wide range of skilled professionals.

Quick Response:

Initial response within one hour during working hours.

Reliability and Security:

Reduced downtime and enhanced security.

What we offer:

MANAGED SECURITY & BACKUP SERVICES (Acronis, RADMARC, RADSPY)

- **System and Security Checks:** Routine system checks, backup verification, and threat management.
- **Proactive Issue Resolution:** If a backup fails, we rerun it and resolve persistent issues by contacting the user.
- **Threat Management:** Identify and mitigate threats, with detailed monthly reports on actions taken.

MANAGED OFFICE SUITE & EMAIL (Workspace, Microsoft, Business Email & cPanel Email)

- **User Management:** Creation, deletion, password resets, and data migration.
- **Security Enhancements:** Annual forensic audits and security checks to safeguard your accounts.
- **Custom Services:** Additional billable services such as OU creation and expanded role management.

MANAGED MARKETING

- **Optimisation:** We can assist by doing analysis and optimisation on your existing ad accounts
- **Campaign Setup:** As well as setting up campaigns based on an hourly fee.

To get started, email support@radicalcloudsolutions.com

NOTE: On demand training for new and existing staff is included in our Managed Services to ensure everyone can make the most of their tools and features.
